J. D. MAVEETY, Proprietor.

PRINCE ALBERT, MAY 28, 1895

There is at present no little stir in Winnipeg with regard to the running of the street cars on Sunday, on which it appears there is a great diversity of opinion. A great deal may be said both for and against the measure; but we cannot help throwing in our sympathies with the opponents of the proposal. For one reason we like to see the Sabbath respected and in no wise spent in frivolous amusements, either in jouncing around in electric street cars or in lugging driving instead of worshipping in the place appointed for that purpose. We live there is too much gadding about on Sunday afternoons by many who ought to "remember the Sabbath day to keep it holy." It is the Lord's day and it ought to be spent in His service. We notice that even here in Prince Albert there are too many empty seats in the churches on fine Sunday evenings which goes to show that by some the worship in the sanctuary is set aside in order to enjoy pleasure seeking. This is not as it should be; but we regret to also have to chronicle the desecration of the Sabbath by some of the youths of Prince Albert in playing ball on Sunday afternoons in the West End. This is a matter for our police or constables to enquire into as we believe there is a law forbidding these amusements. The Sabbath is the gift of God to man and on no account whatsoever should it be allowed to be openly desecrated by frivolous pleasures.

A movement is on foot by General Booth, of Salvation Army fame, to establish a colony of reformed criminals in the Northwest. Meetings have been held in Winnipeg on purpose to oppose the measure with which we most cordially agree. While giving due credit to General Booth for the great work that has been done through his agency in reclaiming sinners and in reforming criminals we question very much whether it would be safe to plant a number of them in our midst; most of whom are of a class who have not the first idea of agriculture or of any work whatever. These criminals are from the lowest strata of society in England, which we are afraid would be hard to be made to settle down in civilized life in a country which is so different from their former surroundings.

The republic of Hawaii does not seem to be a success after all, as it is about falling to pieces and it is understood that the only safety of the state lies in restoring the lately deposed Queen. There is no doubt but that the revolution in these islands was brought about through Yankee intrigue; and dreadful were the threats indulged in should England interfere in the matter. That power, however, did not take much trouble in the matter, hence the Yankee moving west for nothing; but the way they acted was hardly in keeping with what we would expect from a great nation. We half suspect that this revolution was brought about with the object of getting England into trouble; but that having failed, the whole affair has collapsed.

The negotiations with regard to the admission of Newfoundland into the Dominion are for the present at a standstill. The terms upon which the Newfoundland people wish to enter Confederation are considered to be too extravagant. For instance, Newfoundland wishes Canada to assume \$15,000,000, who is not willing to go farther than \$10,000,000. Again Canada offers a yearly subsidy of \$300,000, while Newfoundland demands \$650,000. These differences, will, we have no doubt be adjusted through time, but at present they cause a hitch in the proceedings which will delay matters for an indefinite time; but only for a time as no doubt Newfoundland will become put and parcel of the Dominion in the near future.

Spain, it appears, now has objection to Japan's taking possession of Formosa. The Don's kick, however,

is not likely to have much effect. Spain's leg that rests on Cuba is too lame to give much purchase to the European member.

There is an idea in Berlin that Russia's interference between Japan and China was not that power's last card on the Pacific. Less shrewd people than the Dutchmen have this idea also. If it does not turn out that Russia prevented Japan from holding the Liao-Tung peninsula in order that she might the easier get hold of it herself, past precedent in connection with Russia's Asiatic policy will go for naught.

The suggestion that railroads should carry members of Parliament free is meeting with considerable favor both among public men and the press. It might be supplemented with a provision that steamboats and stages should in the same spirit extend the railroad's contribution to the comfort of the law givers; also that hotels should board and tailors clothe them in the same easy terms. There is no sense in half measures in a case of this kind.

## MACKINTOSH.

Mackintosh School District was one of the last proclaimed but has a Board of Trustees who have an eye to business. Since that time the average attendance has been about ten but it is expected to increase shortly. We understand one of the pupils will in all probability obtain a non-professional third next July after which she will enter the teaching profession. We wish her success.

About a month ago the people of this place were fighting prairie fires, now they are about to repair their fences having in the meantime put in about all of their crops. The rains so far have been slight.

A top buggy appeared at the school one evening lately. Of course the occupants were a young gentleman and a young lady. Red Deer Hill's gallant and the new "Star," not a "White Owl."

Some of the people of this district have been interested in "Malting Bees" lately.

The executive committee of the rifle association held a meeting at Mr. McKay's office Tuesday evening last. The principal object of the meeting was the re-entraining of a team for the Military League Matches, which was arranged for. There are four competitions this year, the first of which takes place Saturday next, June 1st, the second on June 15th, the third on July 6th and the fourth and last of the series on July 20th. Our association came out first in its class last year, winning a handsome and valuable trophy, and we hope to see them repeat the achievement this season. Our riflemen are deserving of the fullest sympathy and support of all citizens.

Catarth, relieved in 10 to 60 minutes.—One short pod at the breath through the Ringer, supplied with each bottle of "Dr. Agnew's" Catarth Powder, diffuses this powder over the surface of the nasal passages. Painless and delightful to use, it relieves instantly, and permanently cures Catarth, Hay Fever, Colds, Headache, Sore Throat, Tonsillitis and Deafness. 50 cents. At J. G. White & Co.

The Board of License Commissioners for this district meet on Friday next at the Queen's Hotel for the consideration of applications for hotel and wholesale licenses.

RELIEF IN SIX HOURS.—Distressing Kidney and Bladder diseases relieved in six hours by the "GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise and delight on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by J. G. White & Co.

The "Rural Canadian" continues to be the most practical paper for the all round farmer to read. It has made a decided "hit" in securing the sole right for Canada of "The Farmer's New Guide," a well bound and handsomely illustrated volume of 778 pp., published at \$2.50 and not sold at a lower price except in connection with the "Rural." Every farmer should have the Guide and "Rural." Both sent to any address on receipt of \$2.50.

Harry Peard is busily engaged in the building of a brick fire wall around T. O. Davis' general store. Mr. Davis intends to put in a brick front as well. The wall as well as being an excellent fire break, will also be the means of reducing the rate of insurance considerably.

Every business man ought to read "Dial and Sense," a new making book by Nathaniel C. Fowler, Jr., the leading expert on business and advertising. 18 chapters illustrated with 160 plates, presenting every style of effective advertising, with examples of reading notices, circulars and headlines. It tells the plain truth about advertisements and exposes ineffective methods. Any reader of The Times who will send check, postal note or postage stamps to the value of twenty five cents to the Trade Company, Boston, Mass will receive the book by prepaid mail.

Simply Awful  
Worst Case of Scrofula the  
Doctors Ever SawCompletely Cured by **HOOD'S**  
**SARSAPARILLA.**

"When I was 4 or 5 years old I had a scrofula sore on the middle finger of my left hand, which got so bad that the doctors cut the finger off, and later took off more than half my hand. Then the scrofula broke out on my arm, came out on my neck and face on both sides, nearly destroying the sight of one eye, also on my right arm. Doctors said it was the worst case of Scrofula they ever saw. It was simply awful! Five years ago I began to take Hood's Sarsaparilla. Gradually I found that the sores were beginning to heal. I kept on till I had taken ten bottles, ten dollars! Just think of what a return I got for that investment! A scrofula cure per cent. You really know! For the past 4 years I have had no sores."

Work all the Time.  
Before, I could do no work. I know not what to say strong enough to express my gratitude to Hood's Sarsaparilla for my perfect cure." GEORGE W. TURNER, Farmer, Galway, Saratoga county, N. Y.

How is this? Something new even in these days of mammoth premium offers, it is the latest effort of Stafford's Magazine, a New York monthly of home and general reading.

The proposition is to send the Magazine free for one year, the regular subscription price, and in addition to send each subscriber fifty-two complete novels during the twelve months; one each week.

Think of it. You receive a new and complete novel, by mail, post paid, every week for fifty-two weeks, and in addition you get the magazine once a month for twelve months, all for one dollar. It is an offer which the publishers can only afford to make in the confident expectation of getting a hundred thousand new subscribers. Among the authors of the coming series are Wilkie Collins, Walter Besant, Mrs. Oliphant, Mary Cecil Hay, Florence Marryat, Anthony Trollope, A. Conan Doyle, Miss Bradshaw, Captain Murray, Mrs. Truckers and Jules Verne. If you wish to take advantage of this unusual opportunity send your order for Stafford's Magazine one year. Your first copy of the magazine and your first number of the fifty-two novel's fortnightly will be sent you at once. During the year you will be sent you a new novel by mail. Remit by P.O. Order, registered letter or express.

A new Upright Piano for sale at G. W. Baker's.

Drop into the Post Office store and see samples of the "Wild Flowers of Canada." Way & Ingram are the agents for the Prince Albert district.

His Lordship the Bishop of Saskatchewan and Calgary came in on last Tuesday evening's train.

Services were held in St. Mary's Church last Thursday morning, Ascension Day, and at St. Alban's in the evening.

Mr. Batts, M.L.A., for Prince Albert East, spent last week visiting his constituents in the Pahanan and Lac-Corne districts.

At the Queen's, J. F. Fife, J. A. Hayte, Winnipeg; J. Smart, Maple Creek; A. S. Batus, Winnipeg; Jas. Leslie, Saskatoon.

Two deaths occurred Saturday on the North side of the river, one being that of Mr. Adolphus Spencer and the other Mrs. A. Laundry.

Mr. Flanagan, of the Prince Albert Hotel, has rented Mr. Tait's house on King Street opposite the hotel, which he will occupy as a private residence.

P. J. Flanagan, of the Prince Albert Hotel, has given his building a fresh coat of paint, which has added much to the appearance of the premises.

Messrs. Hurd and Nelson are erecting a band stand on the town hall square. We hope to see it frequently occupied during the long summer evenings.

A rainfall was enjoyed throughout the district both yesterday and today. It was much needed, and will do an immense deal of good to the growing crops and grass.

Mr. T. E. Jackson, from the Forks of the river, has been in town for the past few days taking orders for and delivering copies of the handsome and valuable new dictionary he is agent for.

Heart Disease relieved in thirty minutes. All cases of organic or sympathetic heart disease relieved in 30 minutes and quickly cured by Dr. Agnew's Cure for the Heart. One dose convinces. Sold by J. G. White & Co.

On Saturday evening a pleasant soiree took place at the Methodist parsonage, it being the marriage of Mr. S. Penhagrace and Miss DeLong. We wish the young couple all happiness and prosperity in their new sphere.

The H. B. Co. has secured a large quantity of Kidd's best grades of flour at quite an advance in price. It is to be hoped the Company will see their way clear to have as much of their wheat ground here as possible instead of freight it to Winnipeg and back.

On the morning of the Queen's Birthday the town band turned out in force and treated the residents to a serenade. Some of the pieces rendered were excellent, while others were not so good, there being an evident want of practice in marching and playing together on the part of some of the boys.

Way & Ingram have just received a new consignment of Cigars. Eat anything seen before in this town.

Mr. Kidd met with a serious accident Saturday last while driving. The horse attached to the vehicle he was riding in became unmanageable and finally bolted, when he in a short time succeeded in wrecking the wagon and kicking himself free. Mr. Kidd was thrown from the wagon and badly shaken up, spraining an ankle and injuring one of his legs. He was able to walk home, but has since been confined to the house. He is doing as well as could be expected under the circumstances, and expects to be around again in about a week's time.

The picnic at the Halero Settlement on the South Branch on the 24th, was a very successful affair. There was a large attendance from town. Quite a lengthy programme of horse and pony running races, and athletic sports was got through with during the day, all of which was keenly contested and some of them very close. A platform for dancing had been erected and was well patronized during the entire day, excellent music being furnished by the South Branch string band. In the evening the dance was continued at Mr. Cromarty's house.

RHEUMATISM CURED IN A DAY.—South American Rheumatic Cure, for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by J.G. White & Co.

Way & Ingram are busy filling orders for School Supplies for the several new schools in this district.

For a short time F. C. Baker will offer goods at the following prices, for cash only:

Halifax Tweed Suits for men, ..	\$5.00
Canadian " " " " " " " "	5.00

" Felt Hats, ..	65

Straw goods of all kinds at Rock Bottom prices.

Spavins, Ringbones, etc. Cured by Dick's Blister.

Mr. Knox, contractor, has completed an altar for the Roman Catholic Church at Battleford. It is a neat and tasty piece of workmanship. The painting and decorating was done by Mr. H. Lacroix; and does credit to the artist's good taste and handiwork.

Mr. and Mrs. S. Brewster have the sincere sympathy of their many friends in the loss by death of their youngest child, a bright little boy of two years. The funeral took place to day at 2 o'clock, p.m. to St. Mary's Cemetery. His Lordship the Bishop, Ven. Archdeacon Mackay and Rev. G. Moore officiated in the church and at the grave. The full choir of St. Mary's was in attendance.

Special "Magazine Meeting" will be held in the Salvation Army Barracks to-morrow evening at 8 o'clock. On Thursday evening, the handsome and talented young officer, Lieut. Dwyer, will give her training-home experience, which we have no doubt will prove very interesting to those who attend. Everybody cordially invited. Collection at the door.

The Bishop of Saskatchewan and Calgary who arrived by Tuesday's train, held an ordination in St. Alban's Cathedral on Sunday morning the Rev. T. E. Chilcott being ordained priest, and Mr. Harold Foote, deacon. Mr. Foote will be curate of the parishes of which Rev. E. K. Matheson was incumbent. The Rev. A. H. Wright preached at St. Alban's in the morning and the Rev. T. E. Chilcott in the evening. The Bishop goes to Sturgeon Lake on Wednesday en route to Sandy Lake, where he will remain over Sunday. Mr. Jas. Taylor has been appointed secretary-treasurer of the diocese, the Rev. E. K. Matheson having resigned.

Our Illustrated Premium List sent free to any address.

As regards the town itself the anniversary of Her Majesty's birthday was spent very quietly, nearly everyone who could get away having left the town to spend the day elsewhere.

A large number went out to Halerio to attend the sports at that settlement, several fishing parties were organized who went across the river to different points to enjoy their favorite amusement, whilst the majority attended the picnic of the Ladies' Aid Society of the Methodist Church. There were also several private picnics, while the more ambitious young men took their best girls for a long drive out into the country. The town was deserted and felt like it to those who remained behind. The weather was splendid and enjoyable. Flags were flying in all directions from early morn till dewy eve. Some of them sticking to it all night, and were still in position when the sun rose on the following morning. Taken altogether the residents of the royal town spent a very pleasant day.

The annual picnic of the Ladies' Aid Society of the Methodist Church took place as usual on the Queen's Birthday. The grounds on which the picnic was held are about half a mile south of the town, and a more pleasant spot for the purpose it would be hard to find. The ladies as usual had done their utmost to make the outing a success, and that they succeeded is beyond a doubt. Arrangements had been made for different games, and while some of the gathering enjoyed a game of baseball, others played football and the more aesthetic enjoyed a sociable game of croquet. Swings had also been erected, which were well patronized the greater part of the time. A number of foot races were arranged for both boys and girls, which were much enjoyed and keenly contested. Tea was served at 5 o'clock, to which a tremendous number sat down, and who kept the waiters going at a lively rate while it lasted. The party broke up about 6 p.m., all apparently well satisfied with their day's outing. We are also pleased to learn that financially the picnic was also a success.

Mr. Fish and party returned home from Battleford last evening, where they had been attending the horse races etc. at that point on the 24th inst. The trotting race, for which Mr. Fish's trotting stallion Forest Chief had been entered, was won by a Battleford horse Ontario Volunteer, owned by Mr. McKenzie of that place. The time was slow, the first heat being taken in 2:49, the second in 2:52, third in 2:54. Deceiver, Mr. Fish's running horse, was started in the running race, but jumped through his saddle in starting and was taken off the track. He was afterwards sold to parties in Battleford at a good figure. Mr. Fish deserves credit for his pluck in taking his horses so far to these races, and we hope to see him given an opportunity to regain his laurels here on Dominion Day, when we have no doubt good prizes will be offered as an inducement to bring out horses from Battleford and other points. Mr. Fish has no complaint to make, and says he was fairly and honorably dealt with by the people of the ancient capital.
